Knight Oil Tools Names Steven Langlinais Vice President of QHSE

Earl Blackwell, President and Chief Executive Officer, recently announced that Steven Langlinais has joined Knight Oil Tools as Vice President of Quality, Health, Safety and Environment (QHSE).

In his new role, Steven will oversee the daily operations of the QHSE team and support management throughout Knight Oil Tools in all aspects of safety and quality.

Steven brings more than 25 years of experience in all areas of Quality, Health, Safety and Environment to Knight Oil Tools. His most recent position was Global QHSE Manager for Greene's Energy Group, Inc. Steven has held various Operational and QHSE positions in drilling, pipeline and refining.

According to Earl Blackwell, "Steven will help the company meet the many QHSE challenges the company faces in the ever-changing oil and gas industry and we welcome him to the Knight Oil Tools team."

Steven earned a Bachelor's degree in Environmental Science, Safety and Industrial Health from the University of Houston-Clear Lake. He holds numerous professional QHSE Certifications and is a member of the American Society of Safety Engineers, American Industrial Hygiene Association, International Association of Drilling Contractors and is an Executive Member of the National STEPS Network.

For more than 40 years, Knight Oil Tools has been providing "zero-failure" equipment and services to the oil and gas industry. With more than 50 locations worldwide, Knight Oil Tools has grown to include Rental Tool Services, Fishing Services, Manufacturing, Inspection and Hardbanding, and QHSE Training and Consulting – making it the largest privately held rental and fishing tools company in the world.
