Knight Oil Tools Newsletter – November 2014

New Management Team Named in Asia/Pacific Region

Knight Oil Tools International has named two oil and gas industry veterans to lead its operations in Australia and the Asia/Pacific region. Gholam Rastegar was named Regional Manager of the Asia/Pacific Region and Ricardo (Rick) Montemayor was designated Country Manager for Australia. Both Gholam and Rick will headquarter in the Perth, Australia office.

Gholam has more than 30 years of experience with various oilfield companies in Australia, Scotland, Africa and the Middle East. He has held numerous international management positions with Enterra Corporation, Drilltech, Offshore Rentals, Weatherford, International Tubular Services, Premium Casing Services and most recently, DSI FZE in Perth. During his career, Gholam has invented or co-invented a number of downhole tools and components, some of which have Patents granted.

Having graduated from Thames Polytechnic in London with a Bachelor of Science degree in Civil Engineering, Gholam earned post graduate diplomas in Engineering from Western Australian Institute of Technology and in Business Administration from Curtin University of Technology in Perth, Australia.

Rick, a U.S. Air Force veteran, has experience in completions, re-entry operations and wellbore intervention with Baker Hughes and Weatherford International. His most recent position was Fishing & Re-entry Business Unit Manager for Weatherford in Australia.

For more than 40 years, Knight Oil Tools has been providing “zero-failure” equipment and services to the oil and gas industry. With more than 50 locations worldwide, Knight Oil Tools has grown to include Rental Tool Services, Fishing Services, Manufacturing, Inspection and Hardbanding, and QHSE Training and Consulting – making it the largest privately held rental and fishing tools company in the world. Company Spotlight

On November 13th, the Knight Oil Tools Houston sales staff participated in the American Association of Drilling Engineers' annual Fin Feather Fur Food Festival. Approximately 100 cooking teams competed and served hors d'oeuvres, salads, soups, gumbo, entrees and deserts. The Knight Oil Tools team served bacon-wrapped quail breasts from their castle. Proceeds from the FFFFF event support AADE activities and other industry educational initiatives.
