Knight Oil Tools Newsletter – October 2014

## Knight Oil Tools Moves into Colorado

Knight Oil Tools is opening a new facility in Windsor, Colorado to serve customers operating in the Niobrara Shale formation and Denver Julesburg basin. The formations span Northeast Colorado, Northwest Kansas, Southwest Nebraska and Southeast Wyoming. Windsor is located 60 miles north of Denver and has a population of approximately 19,000.

*The address for the new Knight Oil Tools facility is:*  
620 Technology Circle  
Windsor, CO 80550

The facility, located on 2.8 acres, is comprised of a main building containing 7,000 sq. ft. of office and warehouse space for the company's Rental Tool Services and Fishing Services units and a 1,500 sq. ft. building that will house Tri\*Drill Services' hardbanding and inspection equipment.

The existing facility is being upgraded and expanded to meet Knight Oil Tools' standards. A new warehouse addition is under construction and is expected to be completed upon installation of an overhead crane, wash bay and other equipment by early 2015.

For more than 40 years, Knight Oil Tools has been providing "zero-failure" equipment and services to the oil and gas industry. With more than 50 locations worldwide, Knight Oil Tools has grown to include Rental Tool Services, Fishing Services, Manufacturing, Inspection and Hardbanding, and QHSE Training and Consulting – making it the largest privately held rental and fishing tools company in the world.
